

Hello beautiful! I am excited about reopening. I have missed my clients. But there are also many new concerns due to COVID-19 so we will all have to work together to keep the studio as safe as possible. Since it is impossible to social distance and have short interaction times in our field, we have new protocols, guidelines and procedures in place to protect my team, our clients, our families and your families.

Please bring a clean mask from home and wear it at all times in the studio unless you are in a treatment where a mask cannot be worn. Masks can be taken off during makeup applications and facial treatments but should be worn during all other treatments, public areas, in the bathroom etc.

Please DO NOT come in if you aren't feeling well.

Please arrive about 5 minutes before your appt. and wait in your car until I come to get you or text you that they are ready. When you are let in, your temperature will be taken and you will need to complete your intake form, COVID-19 liability form and questionnaire. I will wear masks and/or shields at all times. I will sanitize every product we touch and all high-touch areas/treatment tables, linens, etc. between each client. We are following all safety guidelines. Check out our website to see some fun new treatments and a few changes to the menu, I have missed you SO much and I love you and thank you for all your support.
